Latte Luxe

Kosmic Series

Designed to command attention, Luxe transforms hospitality spaces with a luminous interplay of refined veining and warm illumination. When backlit, its elegant surface reveals a rich depth and subtle movement, creating an inviting ambience that elevates the entire setting.

Patagonia Eclipse Series

Set within a contemporary hotel in Lisbon, Portugal, this interior brings together warm timber, sculptural lighting and metallic detailing. Patagonia Eclipse creates a distinctive architectural backdrop, with its aluminium surface and subtle natural veining adding depth and sophistication to the lobby. Used across the walls and reception elements, the surface creates a seamless material language that elevates the hotel's modern character

Restaurant

Reinventing the kitchen: a beautiful and functional space.

Bellagio Nebula Series

A refined expression of contemporary hospitality, where warm timber, rich leather and soft lighting create an inviting dining atmosphere. Bellagio Nebula adds a sophisticated sense of movement through its delicate veining and luminous white surface, creating a clean architectural backdrop that complements the warm, tactile character of the space. Used across the feature wall and dining surfaces, it brings together elegance, durability and timeless Italian-inspired artistry.

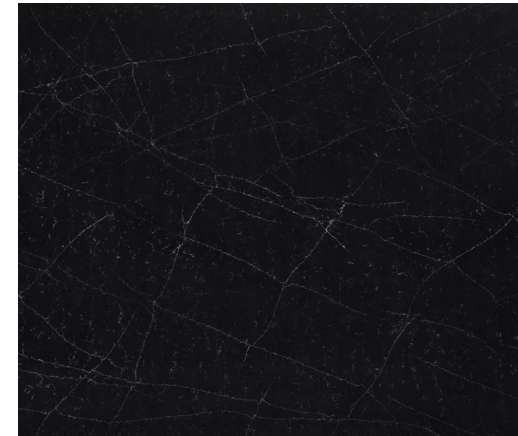

Casa Verde Hotel

Barcelona, Spain

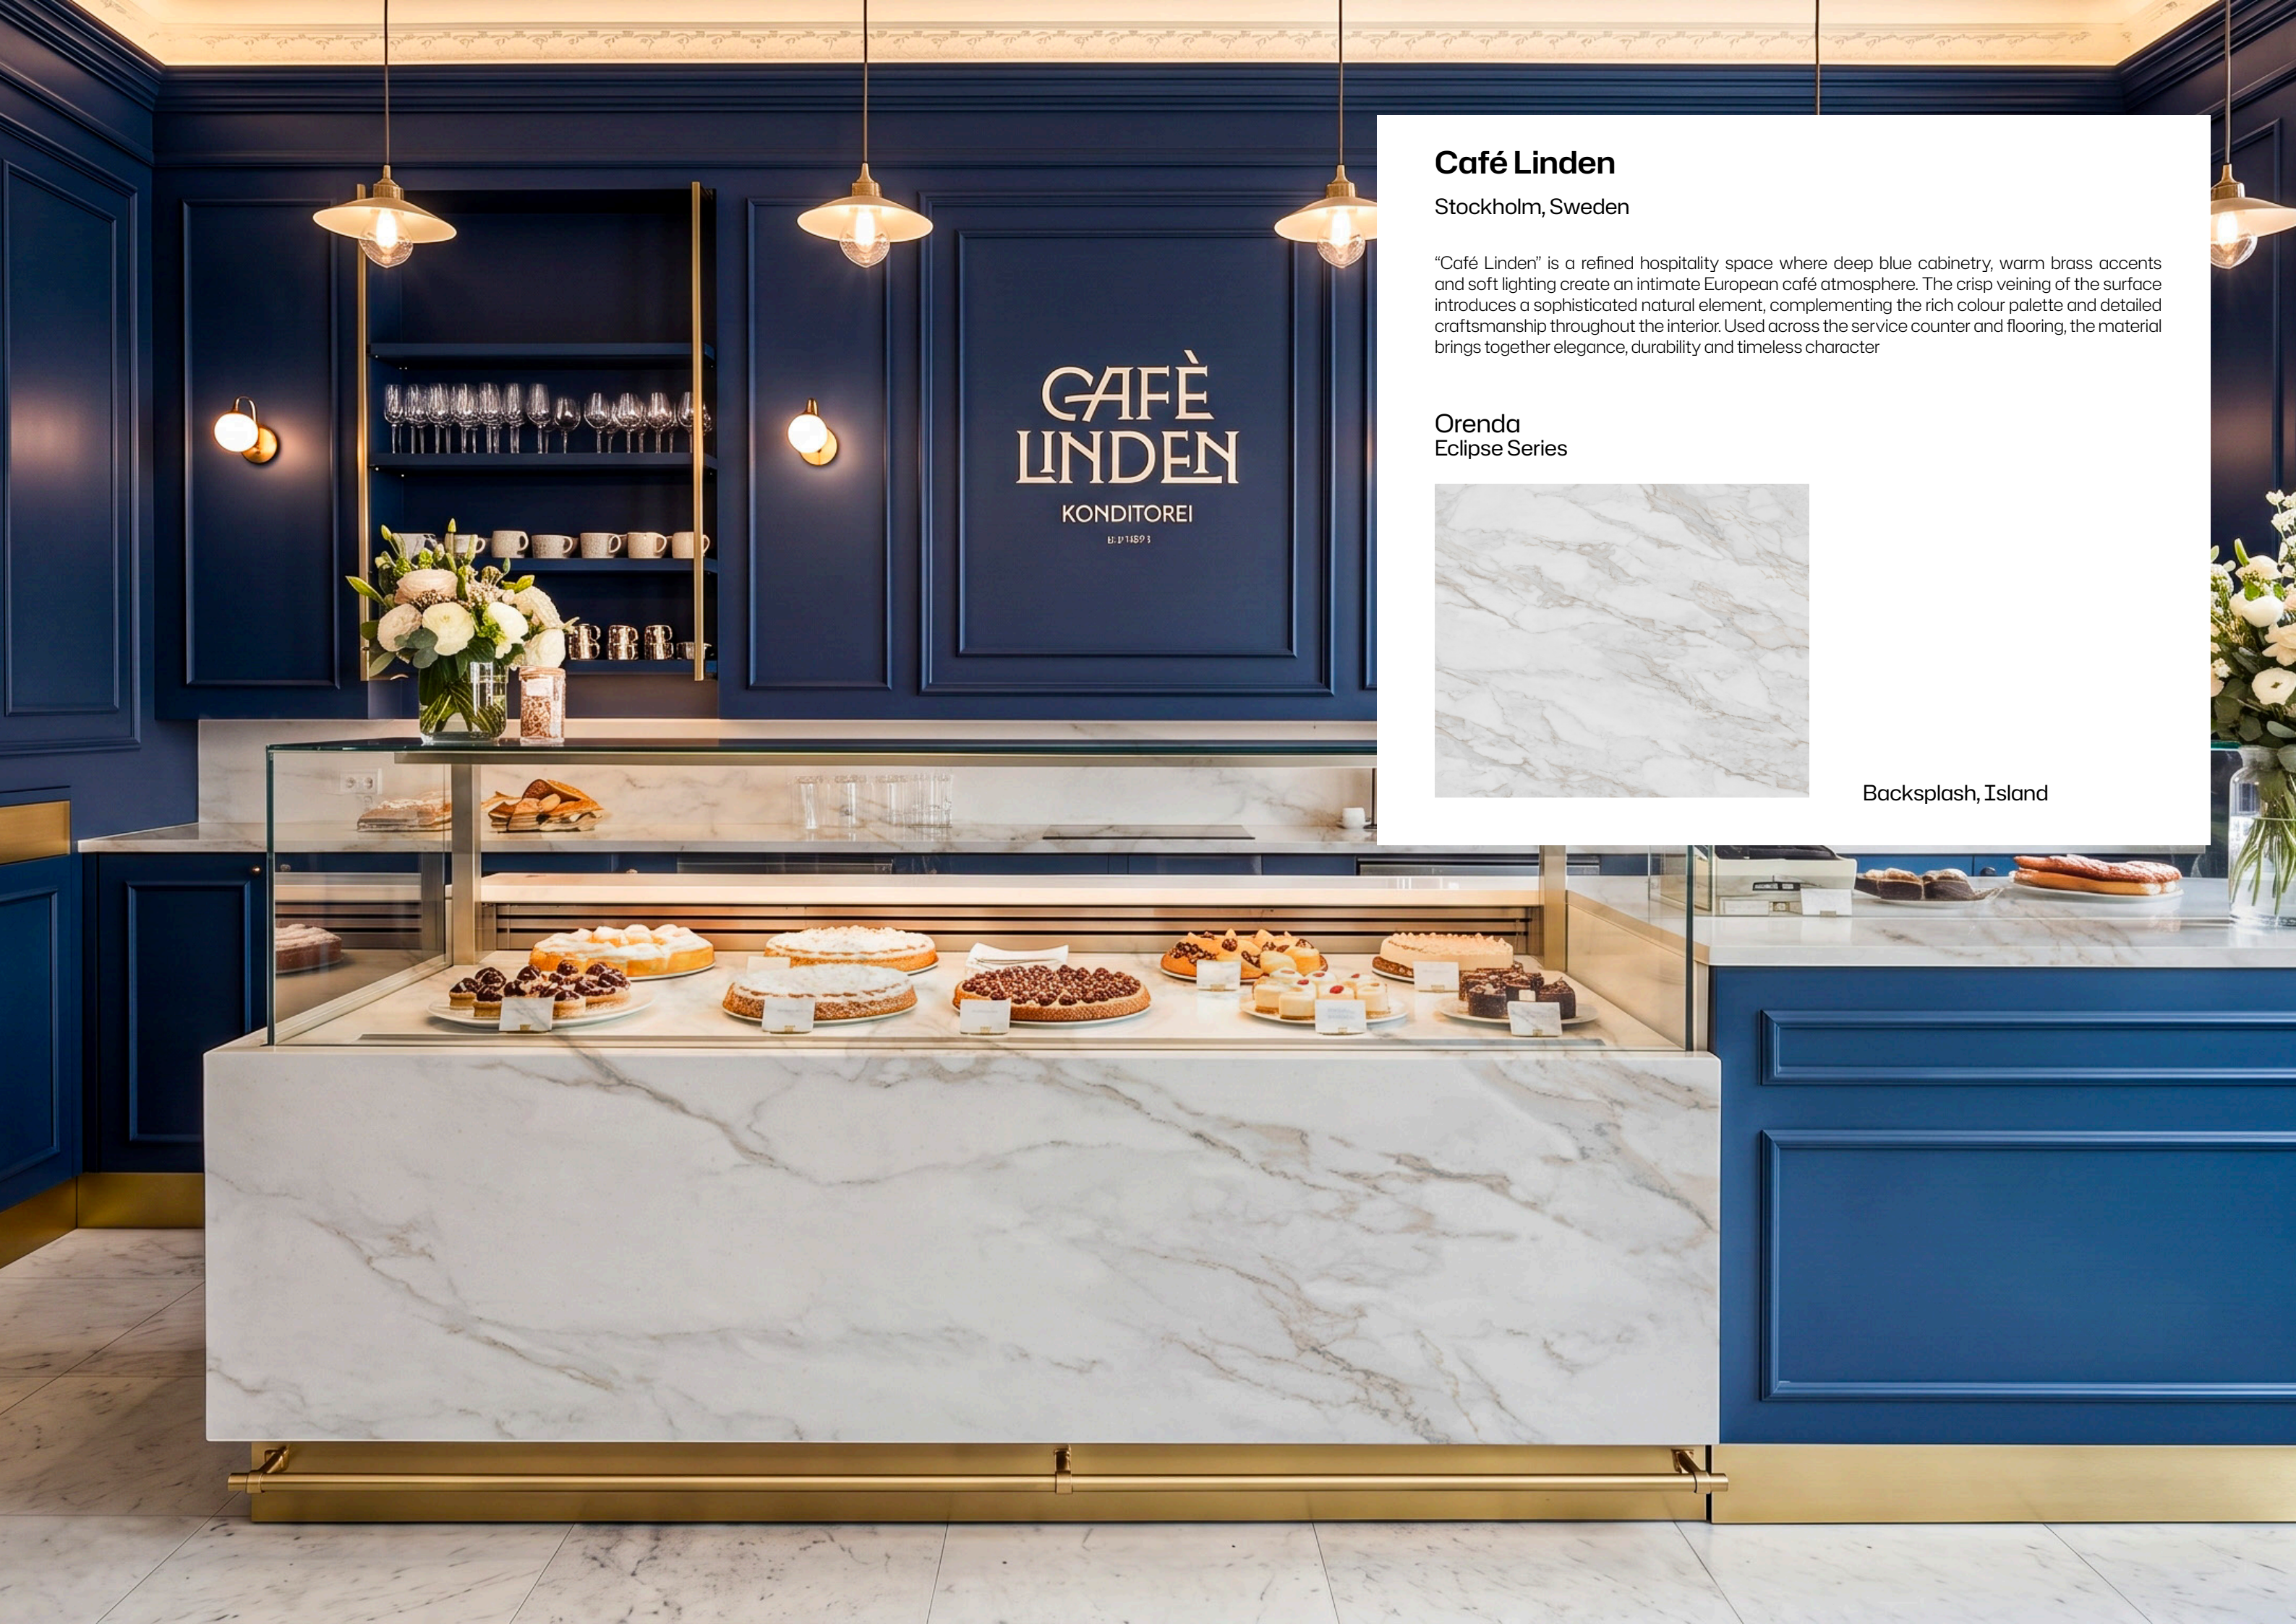

A vibrant expression of contemporary hospitality, Casa Verde blends bold architectural details with warm, eclectic interiors. Rich natural textures, sculptural lighting and contrasting surfaces create a distinctive dining environment with a strong sense of character. The combination of deep tones and soft neutral surfaces brings balance to the space, while the carefully composed material palette creates an inviting atmosphere designed for memorable hospitality experiences.
